Plans were made for holding a "My True Security" contest locally along lines set down by the national Jaycees. The program is the successor to the "Voice of Democracy" contest held annually for a number of years in the county high schools.

TROOP 78 IS HONORED FOR ACHIEVEMENTS

Boy Scout Troop 78 was presented Thursday night with a ribbon for its flag for having, for the second consecutive year, achieved all of its goals in the "For God And Country" program of Boy Scouting.

The presentation was made by Scout Executive Stanley C. Rogers to Scoutmaster Edward Rohanna and Assistant John Irvin at a court of awards held for the troop Thursday evening at St. Francis Xavier Catholic School. In making the presentation, Rogers said the award was "especially significant, for very few Scout units have been able to win the honor twice in successive years."

Rogers also presented a plaque and a seal award for outstanding work by the troop noting: "You have won every award for which you could compete during the last year."

The child was removed to the Hanover Hospital where he was listed as in a critical condition today.

NO DECISION BY ON WIDER S. S. FOR COUNTAINS

The Adams County Commissioners were reported today as having given further consideration at their meeting Wednesday to the possibility of placing the county's tax collectors and assessors under Social Security but have still reached no decision on the matter.

Holding the commissioners back, it was learned, were the problems of cost and time involved in the proposal that the county put this new group under Social Security dating back to March, 1953.

The matter has been under consideration by the commissioners since shortly after a majority of the county employees were placed on Social Security about a year ago and Social Security officials, called in to help with the arrangements pointed out that jury commissioners, auditors, tax collectors and assessors are also eligible.

Involves Extra Help
While the Social Security people said justices of the peace and constables are not eligible under the regulations, a spokesman for the commissioners noted today: "From the manner in which Social Security is being extended we can anticipate that in due course everything will come under it."

Delaying decision on extending Social Security to the tax collectors, jury commissioners, auditors and assessors is the question of cost to the county. While records have been set up since the eligibility of the various officials has become known to permit easy location of amounts paid if the time comes to put them under Social Security, the records before this year do not have such figures handy.

BISHOP ORDERS MASSES; TOLL CHURCH BELLS

On the day of the funeral of Pope Pius XII there will be offered a solemn Requiem Mass, or a sung mass, in every Catholic church and chapel in the Harrisburg Diocese, it was announced today by the Most Reverend George L. Leech.

Other religious tributes to the memory of the Pope were directed by Bishop Leech as follows: The prayers of the clergy, religious and laity will be offered publicly and privately.

On the funeral day at eleven o'clock the Most Reverend Bishop will sing a Pontifical Mass of Requiem in St. Patrick's Cathedral, Harrisburg. Any priests and laity who can attend are requested to do so. Upon request, special space will be reserved in the cathedral for representatives of parishes and of diocesan and other Catholic organizations of men and women.

At eleven o'clock on the morning of the funeral all church bells throughout the diocese will be tolled.

All churches are to be draped inside and outside until the election of the new Pope.

All the schools of the diocese will be closed on the day of the funeral.

The official prayer "Pro Eligendo Summo Pontifice" is ordered in every Mass, according to the Rubrics, until the election of the new Pope.

In an official proclamation on the death of the Pope Bishop Leech addressed the following message to the priests and people of the diocese:

"In the spirit of Christian condolence and ready submission to the will of God, I inform you officially that our beloved Holy Father Pope Pius XII, after much patient suffering, died peacefully at his summer residence in Castel Gandolfo at 3:52 this (Thursday) morning."

"We Catholics of the world may well condole with one another in the household of the faith, for indeed we have lost a true and faithful shepherd of our souls in the vicar of Christ who now is called to answer in judgment for the universal flock of Christ. Our prayers will follow our beloved Holy Father as we implore of God for him the everlasting peace and rest which we all hope one day to enjoy, through Christ Jesus Our Lord."

May Close Public Schools

BIRMINGHAM, Ala. (AP)—A private corporation being formed in Alabama could result in abolition of the state's public school system in the face of threats of racial integration.

MacDonald Gallion, Democratic nominee for state attorney general whose election in November is virtually assured, said an endowment fund will be started at the earliest possible time. He said the corporation is to be run by private individuals, and no public officials would have a voice in its operation.

The move follows a pattern set by Democratic gubernatorial nominee John Patterson, who has been appealing for public support of legal machinery designed to block integration.

Body Of Pope Pius Returned To Rome; Throngs On Appian Way To View Sad Procession

ROME (AP)—The body of Pope Pius XII, clad in funeral robes, was brought today for the last time to the Basilica of St. John Lateran, his see as bishop of Rome.

The funeral cortege, which started from the pontiff's Castel Gandolfo Summer Palace where he died early Thursday arrived at the basilica at 3:25 p.m.

Hundreds of thousands of people were packed in the basilica and in the streets and piazza adjoining it. Throughout Italy millions more listened to or watched the solemn program on radio and television.

16-Mile Route
Other thousands had lined the 16-mile route, part of it along the Appian Way, as the procession passed by.

From the Basilica of St. John Lateran, after a ceremony of absolution, the funeral procession led to Vatican City, the tiny state of which he had been supreme ruler for 19 years. He left it on July 27 to go to his summer residence at Castel Gandolfo.

THREE JAILED FOR FAILING PAY SUPPORT

Three men were sent to the Adams County jail this morning for failure to keep current with support orders.

The court found Harold P. Irvin, Orrtanna R. D., guilty of contempt of court in being in arrears more than \$2,000 on a support order and sent him to jail for 45 days.

Two other men who were behind in their orders were placed in custody of the sheriff until they pay up. They were Edward Gastley Sr., Gettysburg, and Paul E. Grove, Hanover.

Martin E. Knox, Gettysburg, was told that he has 30 days in which to get his support order current. He was told that a process for his arrest is being made out now, and that if the money is not forthcoming in 30 days the process will be issued and he will go to jail.

Suspends Sentence

Merle M. Golden, Gardners R. 2, who had pleaded guilty to a charge of driving under the influence, was given a suspended sentence "because of the tragedy in your family," and was placed on probation for two years and ordered to pay the costs. He was told "you must keep yourself straight or the court will bring you right back on this case at any time during the two years."

Golden is the father of two children who drowned this summer in a flash flood at Stone Jug.

The hearing of the appeal of Albert J. Cumers, Harrisburg, from a summary conviction by a justice of the peace ended with the case being dismissed and the county paying the costs. The court turned down a motion by defense counsel to dismiss the case on the basis of other court opinions in similar cases.

Information Faulty

State Policeman Matthew E. Hunt was called to the stand and the information against Cumers was read. At that point Hunt was asked: "Were those the facts you swore to?" Policeman Hunt said he had not sworn to the information but followed usual custom and simply dropped the information off with a county justice and the matter proceeded from there with notice sent to Cumers.

Hunt was again asked: "You didn't swear to this information?" The policeman said he had not gone back to swear that the information was true and the court accepted the motion to quash the case, and directed the costs be on the county, since there was no sworn information against the defendant.

Clayton C. Arbaugh, McSherrystown, following a non-support hearing was ordered to pay \$20 (Continued On Page 3)

"BUCKTAIL" UNIT FORMED ON THURSDAY

The "Pennsylvania Bucktails," a recreation of the 150th Pennsylvania Rifles of Civil War days, will be organized in Gettysburg as a result of a meeting Thursday evening at the home of John K. Weitzel, 7 Liberty St.

With Cliff Arquette ("Charlie Weaver") acting in an advisory capacity, 16 men voted to form a Gettysburg unit of the North-South Skirmish Association. An application was forwarded today to the North-South group for a charter.

Curvin H. Heiss, manager of the Lincoln Room, was elected first sergeant (corresponding to president) of the group. Weitzel was elected second sergeant (vice president); Paul Walter, 102 W. Middle St., corporal (secretary); and Lachlan Krebs, 313 McKinley Ave., Hanover, private first class (treasurer).

Plan Early Shoot
Arquette, named a member of the New Jersey Artillery when the North-South shoot was held here last weekend, was unable to join the local group because of his membership in the artillery but agreed to serve as an advisor.

The group voted to adopt the Bucktail designation because of the more colorful uniform of that unit.

The local "company" plans to hold its first shoot with Civil War muskets and revolvers early next week at a site to be announced later.

It plans to begin with a charter membership of 20. Those interested in joining are asked to notify Curvin Heiss at the Lincoln Room.

The next meeting will be held October 24 at the Lincoln Room, Lincoln Square.

George Lower, 448 Hillcrest Place, was directed to secure a mould to cast the bullets for the rifles now owned by members and to secure supplies of black powder.

Wear Formal Robes

The Pope's body was clad in his most formal episcopal robes. Over a white silk cassock with a long train was drawn a long white alb, a full-length vestment reaching to the feet. Over the alb was a red and gold dalmatic, an outer vestment, and a red chasuble or sleeveless cloak. About his neck was the pallium, made of bands of lambs wool.

On his head was a tall golden mitre. There were red gloves on his hands and red slippers on his feet. Those are the robes in which he is buried, wrapped in a red silk shroud.

Burial In St. Peter's

TO DISTRIBUTE HANDBOOKS ON "SURVIVAL"

Approximately two hundred youths—Boy Scouts and Explorers, Saturday will distribute 6,000 copies of a "Handbook for Survival" to as many homes in the Black Walnut District.

They will be among youths throughout the nation delivering on the same day a total of 40,000 copies of the book prepared by the national Civilian Defense headquarters to provide individuals with knowledge for any emergency. The books not only cover what to do when the bombs drop, but first aid and other items which are of use at any time.

Locally the delivery is part of the district's National Safety Good Turn program. In June the Scouts distributed safety pamphlets and literature in regard to traffic. The handbook to be delivered Saturday is for home safety and another project will be held later this year on outdoor safety.

Allan Dubbs, in charge of the distribution in Gettysburg, said that the Scouts and Explorers were instructed to "knock at the door and personally present the book so that it will get to the people intended. Too often such books, simply put in a mail slot or on a door step, would be thrown away without study.

Dubbs noted that the distribution Saturday will include only Boy Scouts and Explorers. Some other activity will be held for the Cub Scouts.

PUPIL TESTING IS DESCRIBED

Richard A. Folkenroth, Keefauver Elementary School principal, described the elementary testing program in the local schools as "not 100 per cent perfect but very satisfactory" at the Thursday evening meeting of the Keefauver School Parent-Teacher Association. About 125 attended.

Mr. Folkenroth described the five types of tests given in the local grade schools, starting with the tests given when the pupils register for the first grade. He told of the mental maturity tests given in Grades 1 and 3 at mid-year and the standardized achievement tests given through Grades 4 and 6 at the end of the year. He said the tests measure skills in reading, language and arithmetic and help determine the grade placement of pupils.

He spoke also of the tests made up and given by the teachers, basic text tests and individual psychological tests which are given when needed. There were questions from the audience after the talk.

Mr. Folkenroth was introduced by Mrs. David Deitch, the PTA president. Mrs. Paul Bricker, president. Mrs. Gerald Doo spoke in behalf of UNICEF and Mrs. John C. Stahle, membership chairman, said 318 have enrolled in the Keefauver PTA so far with the current drive to end November 1.

Mrs. Stahle's sixth grade room won the banner for having the most parents present.

To Get \$3,000 For Park Injury

A settlement by which \$3,000 will be paid by Roy Richwine, owner of Williams Grove Amusement Park, in connection with injuries received by Edna L. Spain, aged 7, Gettysburg R. 4, when she was hurled from an amusement device at the park, has been approved by Cumberland County court.

The approval of the settlement in Carlisle was revealed with the filing by Donald G. Oyler, attorney for the Spain girl and her parents, Mr. and Mrs. Lewis B. Spain, Gettysburg R. 4, of a petition that the Adams County court appoint a guardian for the injured girl.

The Adams court named the First National Bank of Gettysburg as the guardian for the \$1,675.62 which will go to little Edna Spain from the settlement.

According to the petition filed by Attorney Oyler for the naming of the guardian, the child was injured May 11, 1957, while riding on an amusement device known as the "Caterpillar." The petition stated that Cumberland court approved the settlement Thursday.

A visit will be made to the Zora Hereford Farm by the 4-H Baby Beef Club Saturday afternoon, Duane Duncan, assistant county agent, announced. The group will meet at the court house at 1:30 o'clock.

Duncan suggested that members planning to buy animals should have their parents attend the meeting and they should notify Duncan if they plan to buy.

A business meeting will be held following the demonstrations.

ADVERTISE IN THE TIMES

Body Of Pope

(Continued From Page 1)

the Vatican, representing nearly 50 countries, were present at absolution rites in the basilica.

The motor hearse carrying the pontiff had glass walls, but the coffin was covered by red silk, and the body was not visible.

Along the route men, women and children stood hushed. Some wept. Priests and nuns said their rosaries as they waited and watched the hearse go by.

Motorcycle Escort
A motorcycle escort of Italian police preceded the hearse. Ahead of it were two cars carrying church dignitaries.

The Pope's body was viewed at Castel Gandolfo Thursday night by 15,000 persons. This morning thousands more entered to pay their last respects.

Thousands View Body
The first stop on the route was at the Basilica of St. John Lateran, the Pope's titular church as bishop of Rome in the southeast part of the city. There cardinals, prelates and officials waited to perform the service of absolution. From St. John's, the route led through Rome's curving historic streets and across the Tiber to St. Peter's Square.

Viewing On Saturday
Beginning Saturday morning, the body will lie in state in the vast Basilica of St. Peter for the thousands of sorrowing faithful to file by in last tribute. The body will remain in state until the burial, probably Monday, in a resting place Pius chose for himself in the crypt below.

At the burial a symbolic coffin will be placed in the Basilica. It will remain the center of mourning rites which will continue through Sunday, Oct. 19 — nine days of mourning, since the period officially does not begin until Saturday.

Traditionally the last three days of services are held in the smaller Sistine Chapel nearby. But the cardinals arranging the rites decided more space was needed for the crowds of mourners expected on all of the nine days.

Thousands of mourners filed past the dead Pope Thursday in the first public obeisance after the gates to the summer palace were opened at dusk. Many carried children in their arms past the still figure on the platform covered with red silk. A film of cellophane was stretched over the bier.

In the crowd were most of the Pope's summer neighbors, residents of the village to which he came annually to escape Rome's heat. Outsiders swelled the crowd, and at one time more than 15,000 were packed in the palace courtyard.

Crowd Protests Closing
There was some pushing and shouting when the papal guards began to close the gates at 1 p.m.

One woman fainted and a child suffered bruises in the crush. "He was our pope," some in the crowd cried in protest at the closing of the gates.

Another crowd of 2,000 had gathered in the cobbled square by midnight, seeking admission.

Among those ushered into the palace was Francis Cardinal Spellman of New York, who had left his homeward-bound pilgrim ship at the Azores to fly back for the obsequies and the conclave that will elect a new pope.

He was led up the marble staircase by Benedetto Cardinal Aloisi Masella, who was elected Thursday by other cardinals as the church's chief executive until a new pope is chosen.

Most of the 55 living cardinals were arranging to be in Rome before the end of the official mourning and for the great election conclave which will meet as soon as possible after Oct. 24, 15 days following the death.

But several of the princes of the church are ill and others will be prevented from coming by the Iron Curtain.

3 MEN HURT IN FALLS TODAY

Three men were treated this morning at the Warner Hospital, two for fractures received when they fell from scaffolding.

The first mishap occurred about 8 a.m. this morning when John Andrew Martin, York Springs R. 1, was engaged in carpentry work on a new home near Mt. Martin was brought to the Warner Hospital by the Biglerville Fire Co. ambulance and was admitted where he was treated for a fracture of the left arm.

The second scaffold accident occurred about 45 minutes later at the new A & P supermarket, West St., when two workers for the North Construction Co. fell.

The men, Merle K. Bietsch, 49, Chambersburg, received a fracture of the left leg, and W. E. Koonz, 63, Bedford R. 1, suffered contusions of the back and upper lip and brush burns of the left leg. They were removed to the Warner Hospital for treatment in the Gettysburg Fire Company ambulance.

Donald B. Hudson, supervising principal of the Upper Adams Joint School System, spoke before approximately 60 members of the Upper Adams County Lions Club at a regular meeting held on Tuesday evening at the Biglerville Elementary School. He spoke on the proposed merger of the six school districts of the Upper Adams Joint School System into one school district, stressing the importance of all voters to familiarize themselves with the subject prior to the November election.

He stated that there will be several meetings held in the near future on the same subject and urged everyone to attend. Hudson said that with the merger, the board will not be changed except that there will be one representative from each political district. It would also mean additional income for the school through increased state support. A building program, which is needed, could be accomplished more easily. Each township would have an equal voice in the school district, as they do now, and students would have a better opportunity for getting education with better educational facilities. Further, he stated, school taxes would be equalized in all districts.

Ladies' Night will be observed at the next meeting of the club to be held Tuesday evening, October 21, at Emmanuel Church of Christ, Abbotstown. The Citizenship and Patriotism Committee is in charge of the meeting.

The Good Samaritan Sunday School Class of Trinity Lutheran Church, Arendtsville, met Tuesday evening in the church parlor.

PLAN DINNER

OCTOBER 22

Plans were completed for a turkey dinner for the members of the Littlestown Fish and Game Association, Inc., at the monthly business session of the sportsmen held on Wednesday evening at the Fish and Game club house, near town. The turkey dinner will be served family style in the clubhouse on Wednesday, October 22, beginning at 6:30 p.m. Tickets must be secured before Sunday, October 19, from any of the following places of business: Renner Brothers Hardware Store, Stites Jewelry, R. L. Crouse Garage, R. J. Stonesifer Appliance Store or any member of the committee, which includes Robert L. Crouse Sr., Clair J. Redding, R. J. Stonesifer, Ernest Renner, Edward H. Leister and W. E. Stites. The kitchen committee for the banquet is composed of William H. Renner, Harry O. Harner, Dr. Joseph B. Riden, Charles W. Weikert, Roy D. Renner, George C. DeHoff, Charles W. Snyder, Howard Trostle, Paul L. Hollinger, Luke H. Jacobs and Luther G. Myers.

President Edward H. Leister conducted the meeting, when there was a discussion on the use of the association's rifle range. The shooting range bench was recently reconstructed through the efforts of Hadley W. Blocher and Robert Gladhill. The range bench had been abused by vandalism and it is hoped that future use will be for its intended purpose. Rifles only should be used on the shooting range, and paper targets instead of tin cans must be used.

A shooting match will be held on Friday evening, Oct. 17, and the committee in charge of arrangements consists of President Leister and Marvin Miller, co-chairmen, Stewart N. Long, Fred W. King, Albert Starnes, John Gentzler, Kenneth W. Olinger, Kenneth Bortner, George Dehoff, Luke Jacobs, Harry Harner, W. E. Stites and Earl I. Stites.

At the conclusion of the business, refreshments were served by Paul Hollinger and Elmer W. M. Dutera. The next regular meeting will be held Wednesday, November 12, and the refreshment committee is composed of Kenneth Byers and Marvin Miller.

Pupils will have to leave their school bus and walk across a state-owned bridge near Mercersburg, until the Department of Highways acts to strengthen the weakened span.

The bridge is posted for a 2½-ton limit, less than the weight of school buses alone.

In answer to an inquiry concerning a method of transporting children across the span, Alvin E. Cornhaber, Highways superintendent in Franklin County, wrote: "We understand that the present State regulations for school buses is that when it is necessary for them to cross a bridge that is posted for a load limit that is less than the weight of the bus the children or people are to get out of the bus while it crosses the bridge and then get back on, and in this manner everyone will be safe."

Safety of the driver was not mentioned.

PLAN FILM
LIBRARY FOR
3 COUNTIES

Educators from three counties met at a luncheon session Thursday afternoon at the Lamp Post Tea Room, Carlisle St., to discuss plans for a possible regional educational film center for the Adams, Franklin and York County schools.

Officials at the meeting said the state is promoting regional film libraries, containing educational films shown in classrooms, which would be distributed throughout the three-county area by a weekly truck service.

It was held that such a library of films would provide a greater amount of such visual aids for the 69,000 students in the three counties than is possible now with each school seeking such educational films as it can obtain from whatever source is available. At present schools purchase some films, rent others.

Possible By January 1

By cooperating in the establishment of a film library, all schools could obtain a larger supply of films and have a rotating schedule on which the films would be placed in the various schools, it was explained.

Attending the meeting were Adams County Superintendent of Schools C. P. Keefe, Gettysburg Superintendent H. Edgar Riegle, Joseph R. Wilson, York County superintendent of schools; Dr. John C. Albohm, York City superintendent of schools; Jesse E. Brown, director of the York Film Library; Dr. Charles E. Davis, Hanover school superintendent; James H. Gibboney, Franklin County superintendent of schools, and Mrs. Mildred S. Bender, Chambersburg Area Schools librarian.

The discussion indicated the possibility that a regional film library may be established by January 1.

NO DECISION

sons or more may be involved, the commissioners would have to hire a clerk for a period of months to dig through all of the old records and find out how much each assessor, each tax collector, etc., was paid.

Extensive Paper Work

The record making would be further involved because much of it would have to be done twice, once for the county funds and once for the institution district. Another question is also involved: "How far back will the county have to pay?"

When clerks in the various departments and other help were brought into Social Security about a year ago, the commissioners agreed to pay the county's share of Social Security back to the beginning of the term of the present board, and the individuals paid the whole amount from that point back to the 1933 start of the Social Security coverage.

At that time the commissioners discovered the difficulty of going through hundreds of vouchers to find out how much each person had been paid. In one instance it took eight hours for a clerk to round up all of the vouchers for one person.

Hope For Simplification

So complex is the problem that the commissioners, while realizing that the Social Security extension is due to come some time, are hoping for a federal ruling that would "start the whole thing as of some current date, ignoring what went before that."

Assemblyman Francis Worley met with the commissioners Wednesday afternoon and turned over to them information on the matter he has secured Paul C. Moomaw, executive director of the state's Bureau of Social Security for Public Employees, and from William J. Cutting, assistant attorney general for the state Department of Labor and Industry.

KOREANSLAYER
IS CONDEMNED

PHILADELPHIA (AP)—The parents of slain Korean student In-Ho Oh had appealed for merciful treatment of their son's killers. But a jury Thursday condemned to death the first of nine youths tried for the crime.

A jury of eight women and four men convicted Alphonso Borum, 19, of first degree murder and condemned him to death in the electric chair for his part in the street corner murder of the 26-year-old University of Pennsylvania student.

Borum smiled vacantly, his shoulders sagged at the mention of death. His mother, Mrs. Ruth Borum, screamed. The officers led her out of the courtroom.

FDR Visits Here Sunday: Washington, Oct. 4 (AP) — White House officials said today that President Roosevelt visited the Civil War Battlefield at Gettysburg, Pa., Sunday. They had no details of his tour.

That announcement was made this afternoon, and under war censorship regulations, is the only information that can be published on the President's visit here.

The official cars attracted considerable attention locally Sunday afternoon, but few persons knew that the President was in the party.

The announcement was made in Washington in response to a query from The Gettysburg Times for permission to announce the Chief Executive's visit here.

34 Men Taken by New Oxford Draft Board: The New Oxford draft board today announced the names of 33 men who were accepted Friday at Harrisburg for service in the armed forces while another man was inducted for work in a conscientious objectors' camp.

Among those accepted were three pre-Pearl Harbor fathers who had volunteered their services. They were Robert Vincent Weaver and Russell William Maitland, both of Littlestown, who were accepted by the Navy, and Elwood Jerome McKonley, McSherrystown, who will serve in the Army.

Says Baths In Town A Luxury 75 Years Ago: Baths were considered a luxury in Gettysburg during the latter part of the nineteenth century according to the history of the Gettysburg Water company presented Monday evening by Vernon B. Corle, manager to the Rotary club at its regular meeting at the YWCA.

Droughts in 1874 and 1880 led water company officials of that day to "prohibit the use of water for bathing." Mr. Corle reported, with the company filing residents of the town \$20 and cutting off their water supply in 1874 if it caught water customers sneaking a surreptitious bath, and in 1880 ordering directly that "those customers who have bath tubs are directed to cut off the supply of water to their baths."

June 1882 was another bad month for the water company — so the company simply turned the water off for 38 hours until it could determine whether or not there were any leaks in the reservoir.

"Now, when the water is turned off for 15 minutes we are flooded with complaints and telephone calls asking when the water will be turned on again," the speaker said.

The company's water supply comes from Marsh Creek which has a 57 square mile water shed extending as far as Kane's hill, west of Orrtanna and a short distance toward Biglerville.

Today's Talk

Report Split In Yankees; Casey May Be Finished

ALWAYS SOMETHING BETTER
Col. W. R. Nelson, famous founder of the Kansas City Star, once said to me: "No matter how good the other fellow's idea may be there is always a truth again."

There is always something better — ahead. Look at an automobile of the year at the opening of the present century and you marvel that even such a model could have been bought and made to run, but what advances every year since! Better and better has been the motto of every maker, until we have today cars that were only dreamed of half a century ago.

The voice of progress is heard around the world. Each one of us tries to be better and do better. No matter what we may create, there is always something better. There is always something better in each one of us, and we should seek out the opportunity to apply it, and make others aware of the fact.

We should live in an atmosphere of expectancy — always hoping for the best to come. It is far better to hope and plan, even though we may lose. We can count ourselves ahead anyway! I like those words of Stevenson: "Little do ye know your own blessedness: for to travel hopefully is a better thing than to arrive; and the true success is to labor."

Belief is the one essential to bring forth useful things and a better way of life for ourselves and others without it. Believe that you are in this world as one of God's agents and you will learn of true success.

Tomorrow Mr. Adams will talk on the subject: "Look to God"

Just Folks

THE AUTUMN DAY
The rain goes rushing through the eaves
And patter on window pane;
And one by one the autumn leaves
Drift slowly back to earth again.

And shut indoors, the children fume,
For all the earth is wrapped in gloom.
The yard where children loved to play
Has many little pools and streams,
Swirling and rushing on their way,
Ending in chaos — like our dreams.

The little faces at the pane
Watch for the sun to shine again.
All through the day and through the night
The cold wind means its solemn strain,
And with the coming of the light
The children look on field and lane

Where all is ruin and despair;
For lo! the trees are gaunt and bare.

Report Split In Yankees; Casey May Be Finished

NEW YORK (AP) — The New York Post said today that dissension had split the New York Yankee hierarchy and "the chances are fifty-fifty Casey Stengel will never put on a Yankee uniform again."

Stengel is the veteran manager of the club which won its 18th World Series championship in Milwaukee Thursday.

The story, written by Post columnist Jimmy Cannon, said that Del Webb, one of the co-owners of the club with Dan Topping, is siding with George Weiss, general manager, in anti-Stengel views. Topping, the story said, is neutral but is expected to side with Webb and Weiss if the case comes to a showdown.

"Utterly Ridiculous"
"The story is utterly ridiculous and not worthy of comment," said Bob Fishel, public relations director of the club who said he was speaking for Stengel as well as Weiss.

Cannon's story said reprimanding telephone calls had come from Webb to Stengel during the final two months of the regular season when the Yankees stumbled to the American League flag although winning fewer than half of their games.

Cannon's story said that Stengel's habit of platooning his players and his many switches in the line-up had caused the original disagreement. The breach, Cannon added, was widened by the huge amounts of personal publicity Stengel received.

This, Cannon said, was resented by the Yankee officials who felt that it should go to the entire Yankee organization.

CANADIENS BEAT BOSTON

By THE ASSOCIATED PRESS
The schedule said it was only the first game of the season but you would have thought the Montreal Canadiens and the Boston Bruins were still playing in the Stanley Cup the way they went after each other Thursday night.

The Canadiens, who defeated the Bruins four games to two last spring in the cup finale, started their season with a 3-2 victory over Boston in the only game scheduled in the National Hockey League.

But before they achieved the triumph with Dickie Moore, Andre Pronovost and Doug Harvey scoring the goals, there was enough wild play to last a season. Jerry Toppazzini and Vic Stasiuk prevented goalie Jacques Plante from turning in a shutout with goals in the last six minutes.

The Bruins drew a total of \$125 in automatic fines as the result of the wild first period action. Bronco Horvath drew a fine of \$75, after being charged with a misconduct and game penalty. Don McKenney was handed a misconduct penalty, calling for a \$25 fine, for squawking after Bob Armstrong had been given a penalty for slashing. And Herb Flaman injured Pronovost in another melee. The penalty also called for \$25 fine.

Bob Friend of the Pittsburgh Pirates was the first right-handed pitcher to beat all National League rivals in 1958.

BIGLER GRADE TEAM NOTCHES THIRD TRIUMPH

Bill Coradetti's unbeaten Biglerville Seventh and Eight Grade football team notched its third straight victory Thursday evening with an easy 32-7 triumph at Boiling Springs.

The Cannons scored twice in the first period, Gary Wright going over from the 1 on a quarter-back sneak and Larry Black raced 30 yards for the other score.

Bill Slaybaugh made a brilliant 60-yard punt return of a punt for a Biglerville score early in the second quarter and a short time later Black got his second TD on a 40-yard run.

The final Cannon score came in the third period when Ken Shaffer streaked over from the 10.

Boiling Springs got its only score on a 60-yard run by Steunor in the last period.

Biglerville hosts Littlestown next Wednesday at 7:30.

SHOULD HANEY HAVE WALKED HOWARD IN 8TH

By JOE MOOSHIL
Associated Press Sports Writer
MILWAUKEE (AP)—Could the Milwaukee Braves have been the world champions today instead of New York had they given Elston Howard an intentional pass?

It's possible. In fact, replaying the eighth inning of Thursday's World Series finale, won by the Yankees 6-2, brings up a lot of possibilities.

With two out, Yogi Berra doubled to right field. It would have been logical to walk Howard.

Other Possibilities
But Milwaukee Manager Fred Haney had Lew Burdette pitch and Howard broke up a 2-2 tie with a single to center. Some might say it didn't make any difference because Andy Carey singled and Moose Skowron homered.

However, Carey's single was off the glove of Eddie Mathews and wouldn't have scored anybody.

And with the bases loaded, Burdette would have had his full windup and maybe worked more carefully to Skowron.

Then, too, there's always the possibility that Yankee Manager Casey Stengel would have taken Carey out for a pinch batter since Carey hadn't had a hit in the

"LOOKED LIKE REAL YANKS," SAYS STENGEL

By JERRY LISKA
Associated Press Sports Writer
MILWAUKEE (AP) — "Gil McDougald came through for us with some amazing plays and we just wound up looking like the real New York Yankees."

That was Manager Casey Stengel's capsule sizeup of his Yankees' triumph over the Milwaukee Braves in the World Series.

Although Thursday's 6-3 Yankee victory in the seventh and deciding series game had Moose Skowron, Bob Turley and Elston Howard as primary heroes, McDougald was New York's big playmaker and bellwether in the uphill Yankee battle over the entire series.

1st Inning Collapsed
Haney left himself wide open for the second guess on two other occasions. After the Yankees had failed to score in the first inning, the Braves opened up with Red Schoendienst singling and Billy Bruton drawing a walk.

It appeared the Braves were headed for a big inning. But Haney had Frank Torre sacrifice and when the inning was over Milwaukee had only one run instead of maybe a cluster.

No Mistakes
In the third, with the Braves trailing 2-1, Bruton led off with a single. This time, instead of sacrificing the tying run to second, Haney had Torre swing away. He popped out. Hank Aaron followed with a single and the score would have been tied if the Braves had sacrificed. Instead, they didn't score and left three men on base.

But the winners always look good and the losers bad. Haney said if he had to play the series over again "I wouldn't do a damn thing differently."

SPORTS

Yanks Back On Throne As World Champs After Their Most Brilliant Recovery

By JOE REICHLER
Associated Press Sports Writer
MILWAUKEE (AP) — The New York Yankees were back on the baseball throne today, possessors of the most brilliant triumph in their long World Series history. Casey Stengel reigned supreme as the greatest manager in the game today and as one of the shrewdest manipulators of manpower the sport has ever known. The perennial American League champions climaxed a courageous uphill battle Thursday when they defeated former nemesis Lew Burdette and the Milwaukee Braves 6-2. It was their 18th world title in the last 38 years, their eighth in the last 12.

Not Greatest Yank Team
But neither Stengel nor the front office was fooled. They knew this is not one of the better Yankee teams. It had too much of a battle on its hands before overcoming only a fair Milwaukee club in seven games. It had to surge back from a 3-1 deficit after leading like champs in the first two games.

It had to receive super pitching to offset mediocre hitting. It had to get help from the opposition in the way of poor base running, faulty fielding, erratic throwing and horrendous hitting in the clutch in order to win.

Stengel praised his athletes to the skies after their final victory, their third in succession and their fourth in the last five games. Only one other World Series club had ever made such a comeback.

Promises Chances
But it is safe to assume Stengel has not forgotten the promise he made a week ago, after his players led to 13-3 to the Braves.

"I'm going to make some changes on this club," he vowed then. "There are several men on this club who don't deserve to be on it. I promise you this. They won't be here next spring."

Even at the very height of his exultation, in the accomplishment of his seventh series success in nine attempts, the 67-year-old wizard of the dugout let fly a parting shot.

Pitching Won
"Maybe now some of the other clubs in our league will want some of my players again," he said. "If we had continued to play like we did in the first four games, nobody would want our players. New telephone company will do some rushing business from the calls we'll get during the winter. And we'll be listening too."

It was pitching that won the pennant for New York. And it was pitching that won the series. The team batting in the series was only 211 despite the 10 home runs, half of which came in losing games. Only Hank Bauer and Gil McDougald hit over .300. The Yankees managed to comb Burdette and relief pitcher Don McMahon for eight hits Thursday, half of them coming in the decisive eighth inning when they scored four runs to snap a 2-1 deadlock. Elston Howard's tie-breaking single following Yogi Berra's two-out double, and Bill Skowron's three-run homer supplied the coup de grace. Up to then Burdette, pitching with only two days rest, had permitted but three hits.

Muffed 2 Good Shots
The Yankees had managed to stay even with Milwaukee by the grace of a couple of wild throws by first baseman Frank Torre and failure of the Braves to come through in the clutch. They scored two unearned runs against Burdette without the aid of a hit in the second inning to take a 2-1 lead.

The Braves had two good shots at starter Don Larsen and winner Bob Turley and muffed both. Even the 46,367 Milwaukee diehards sensed they had had it despite a game-tying home run by Del Crandall in the sixth.

It was the same Crandall who twice came up with the bases full

and twice failed to come through. The Braves' catcher struck out in the first inning after his team had taken a 1-0 lead against Larsen and filled the bases on three walks. In the third, Turley replaced Wes Covington on a run-scoring grounder, purposely walked Eddie Mathews to fill the bases, and disposed of Crandall on another grounder.

The Braves left eight runners stranded to increase their total of 57 for the seven games. The Yankees left only 40 on base. Milwaukee hit only three home runs with such sluggers as Mathews, Hank Aaron, Covington and Joe Adcock hitting nothing longer than a double.

Turley was superb Thursday, just as he was Monday when he shut out the Braves on five hits, and Wednesday when he came in to retire the last batter on three pitches and preserve Ryne Duren's 4-3 triumph. He gave up only two hits in the final 6 2-3 innings for his second victory in two days and was voted a new automobile as the series' outstanding player.

Braves' Flaws Show
The series brought out several Braves' flaws. It showed them to be a slow-moving, mediocre fielding, ordinary hitting club. If it weren't for the magnificent work of their two great pitchers, Warren Spahn and Burdette, they probably would have not won more than one game. They scored 17 of their 25 runs in the first two games and were shut out twice in the last five.

Even Fred Haney, who did an expert job running his team, admitted his Braves did not deserve to win.

"Those fellows came from behind to beat us and deserved to win," he said. "Give credit where credit is due. They got the hits at the right time. We didn't."

Spahn and Burdette pitched good enough to win but we didn't get them any runs. We lost because we scored only eight runs in the last five games. Had we hit when it counted, it would have been a different story."

Other than that, Haney refused to belittle his players.

Cashtown Hosts Fairfield In Playoff Game

Adams County's long baseball season may come to a close Sunday afternoon, when Fairfield plays at Cashtown in the second of the best-of-three series for the playoff championship of the Pen-Mar League.

Fairfield triumphed in the opening game last Sunday 4-4 and can clinch the title with another victory. A win for Cashtown would knot the series and require a third and deciding game to be played October 19.

Sunday's game will start at 2 o'clock.

HANK BAUER TOP SLUGGER FOR THE SERIES

By BEN OLAN
Associated Press Sports Writer

Hank Bauer of the Yanks compiled the highest World Series slugging average. The veteran outfielder collected 22 total bases in 31 at bats for a .710 mark. Billy Bruton paced the Braves with .588.

Yogi Berra of the Yanks and Frank Torre of the Braves were the only players who did not strike out among those who participated in all seven games. Berra had 27 official trips and Torre 17.

It was "unlucky" seven for Lew Burdette of the Braves Thursday. Burdette allowed the Yanks seven hits in each of the three games he beat them last year and seven the first time he won over them this year. Thursday he allowed seven safeties but left the game trailing 6-2.

Joe Adcock of Milwaukee, who singled for Don McMahon in the ninth inning Thursday had the distinction of collecting the only pinch hit. Fifteen other pinch-hitters had been retired previously. Enos Slaughter was the only other one to reach base — on a walk.

Moose Skowron of the Yankees bowered in the first and last games. In between he managed only five singles and wound up with a .259 batting average. Skowron's four runs batted in Thursday were only one short of the record set by Tony Lazzeri and Bill Dickey on Oct. 2, 1936, when the Yanks walloped the Giants, 18-4.

The Yankees left 40 men on base. Only one under the record for Billy Bruton's single which scored Joe Adcock from second. Home runs by Bill Skowron and Hank Bauer gave Yanks early 3-2 lead.

But Wes Covington's sacrifice fly in the eighth tied it. Second game — Braves 13, Yanks 5. Braves produced seven runs, first inning rally, featured by Bruton's leadoff homer and a three-run home run by Lew Burdette. Burdette was touched for two homers by Mickey Mantle and one by Bauer but had little trouble defeating Yankees for fourth consecutive time. Bob Turley was the losing pitcher.

Third game — Yanks 4, Braves 0. Don Larsen and Duren combined to pitch a six-hitter. Bauer drove in all New York's runs with a bases-filled single off Bob Rush in the fifth and a two-run homer off Don McMahon in the seventh. Fourth game — Braves 3, Yanks 0. Spahn allowed only two hits to win his second game. White Ford was victimized by poor fielding as left fielder Norm Siebern misplayed Red Schoendienst's sixth inning drive into a triple and the Braves scored the game's first run when shortstop Tony Kubek let a grounder go through his legs. Siebern also set up the final Braves' run by losing Johnny Logan's fly in the sun. Schoendienst's fine play on Yogi Berra's line drive with a runner on third and two out in the fourth saved Spahn's shutout.

Fifth game — Yanks 7, Braves 0. Turley hurled a five-hitter and struck out 10. Yanks beat Burdette for the first time, scoring on Gil McDougald's third inning homer and adding six runs in the sixth. Elston Howard's diving catch which resulted in a double play cut off a potential Milwaukee rally in the sixth.

Sixth game — Yanks 4, Braves 3. McDougald's home run and a run-producing single by Skowron off Spahn in the 10th gave the Yanks the victory. Braves bounced back for one in their 10th and had two runners on base. But Turley nailed pinch-hitter Frank Torre on a pop fly to end the game. Duren was the winning pitcher, striking out eight in an excellent 4 2-3 inning relief stint. Bauer hit fourth series homer to tie the record. Howard doubled Andy Pafko at the plate after catching short fly and shortened Braves' second inning uprising.

Seventh game — Yankees 6, Braves 2. Turley, in relief of Don Larsen, allowed only two hits in 6 2-3 innings. Yanks wrapped up game in eighth with four-run rally highlighted by Howard's RBI sin-

gling having an unshakeable grip on their second straight championship, were not glum. And, they certainly weren't angry — at themselves.

The Braves' apparent willingness to accept their fate was without comparison in recent years. They acted as though a great weight had been lifted off their backs.

"They acted as though they expected to lose," one clubhouse visitor said. Another insisted, "They died like true champs, with no excuses."

Blew Big Lead

Only one other team ever lost a seven-game series after taking a 3-1 lead. That was the Senators in 1925. They blew the championship to the Pirates.

Manager Casey Stengel, who engineered the Yankees' great comeback, couldn't resist a jibe at Milwaukee's Lew Burdette, his one-time tormentor. Burdette beat the Bombers three times last year, but fell before them twice this time while winning only once.

"Now we look like we could play in the National League," said a grinning Stengel. "This was a great series victory because we started so poorly. Then we came together. Now we look like real New York Yankees."

Play In Their League
"We showed them that we're alive and we can play in their league — and win," he added in typical Stenglese. "Outside people made some remark but now I say I'd like to be in the National League."

Stengel referred, of course, to Burdette's crack after winning the second series game. "I'd like to see the Yankees in the National League," said Lew. "They're no tougher than two or three teams in our league."

Stengel's opposite number, Fred Haney, refused to grasp at proffered alibis.

"Instead of moaning, let's talk about how good their pitchers were," he said at one point. "Let's not talk about our batting slump, let's talk about their pitching," he said at another.

Red Schoendienst offered an explanation for his teammates' apparent indifference. Amid the wise cracks, shower room pranks and general levity that marked the Braves' clubhouse, he said: "I think I can speak for them. They figure they did their best so why cry about it. I know I did my best."

Yanks Celebrate, Braves Accept Defeat Like Champs

By CHUCK CAPALDO

MILWAUKEE (AP) — The Yankees were expected to live it up after they won the World Series. They did.

The Braves were expected to die hard after they lost. They didn't.

These were the expected and unexpected dressing room scenes hard on the heels of New York's remarkable triumph Thursday.

The Yankees, who grabbed the world championship right from under the muted bats of the Braves with a 6-2 victory, ordinarily don't show emotions. This time they did. For them, they were noisy, almost boisterous.

Shippensburg Junior High pulled a surprise here Thursday afternoon by scoring touchdowns in second and third place periods to defeat the Gettysburg Junior High gridders 13-0 in a South Penn League game. It was the initial loss for the Braves after one victory and was the first triumph for the visitors who had previously dropped two.

The first period was scoreless with the teams exchanging several punts and play being mostly outside scoring zones.

Early in the second quarter Shippensburg made a threat after recovering a Brave fumble on the Gettysburg 35. Three plays advanced the ball for a first down on the 25 but then Coach Ray Ellis' outfit braced to take the ball on the 20. Phil Redman picked up 8 yards but the attack stalled and Curt Mayer punted to the Shippensburg 35 where Davidson took the ball and raced back 45 yards to the Gettysburg 10.

On the next play Henderson tossed a pass to Goodhart for the score. The try for the point failed.

In the third quarter Mayer punted to the visitors' 32. Shippensburg advanced to the 42 from which spot Bollinger swept around left end and scampered 58 yards for another touchdown. Bollinger went around left end to add the point.

Late in the third period Gettysburg took over via a fumble on its 31. Tom Duane passed to Jim McClellan to advance the ball to Shippensburg's 39 as the quarter ended.

Duane raced around end to the visitors' 21 but there the attack bogged down as Shippensburg took over and the ball exchanged hands several times with play being mostly in Shippensburg territory.

Next Thursday at 7 p.m. the Braves meet Waynesboro on the latter field.

He turned in his 71 and 57-yard dashes in the second period to make the score 18-0. The Owls tallied late in the frame when John Burton raced over from the 17.

Delone marched 60 yards for its last touchdown in the third quarter. Tom Keffer going over from the 1.

In the last period Westminster moved to the Delone 16 and a penalty set the Squires back to their 1. On the next play Fritz broke through to tackle "Bumy" Weaver, Delone back, in the end zone for an Owl safety.

White Way Is Popular Eating Place

A popular eating place for the traveling public and for Adams County folk, too, is Summers' White Way restaurant on the Lincoln Highway seven miles west of here, operated since last April by Mr. and Mrs. Cletus Summers.

Patrons are offered a tasty selection of steaks, seafoods, country ham and fried chicken on dinner menus that are offered daily from 11:30 a.m. until 8:30 p.m. Special attention is given to children's food and there are special menu listings for them with special rates.

All dinners, lunches and plateaus are reasonably priced.

New Management

Cletus and Samuel Summers, brothers, built the restaurant more than six years ago. A year later, Samuel Summer died suddenly and the restaurant was leased for several years. Last April Mr. and Mrs. Summers took over active management of the place of business and are there daily to supervise the preparation and serving of the food that has been carefully selected.

Adequate parking facilities are another attraction offered by the Summers White Way Restaurant.

A nearby 17-unit motel makes the Summers establishment popular with many tourists for breakfasts and dinners. The restaurant is open daily from 8 a.m. to 9 p.m.

The restaurant caters also to small groups and parties but advance reservations should be made by telephone.

Summers White Way restaurant is popular every day in the week but is building more and more of a reputation as a good place to go for Sunday dinner.

Cashtown Inn Anniversary Approaching

Nearing its first anniversary under its present management, historic Cashtown Inn in Cashtown along the old Route 30 is being run by a mother and daughter team that operates the bar and restaurant from 7 a.m. to midnight daily.

Mrs. Jennie V. Riggeal and her daughter, Emma Jane, have been proprietors of the establishment since October 19, 1957, when they purchased it from Maynard Stuckey, who had operated the inn for 11 years.

The new proprietors specialize in pizzas, sandwiches and home-made soups with future plans for kitchen expansion to make possible the serving of full course meals. Mother and daughter redecorated the bar of the inn when they took over last year.

Built In 1790's

Both have had previous experience in the restaurant business—but this is their first venture in business for themselves. Both Mrs. Riggeal and her daughter worked for two years at the Towne Restaurant in Gettysburg and prior to that Mrs. Riggeal had worked at the Varsity Diner. Both share cooking duties.

The inn they operate was built in the last decade of the 18th century and is a landmark in western Adams County. It served for years as a stagecoach stop, the first west of Gettysburg. The next stop going west was Graefenburg and then Chambersburg.

The inn was built in the 1790's by Nicholas Mark, great-grandfather of Clarence Bream of Cashtown, and for many years was a well known hostelry on the stage route to the west. It saw the Gray hordes pour through the mountain pass toward Gettysburg and then watched the beaten Confederate army turn westward and southward in retreat after the three-day battle here. Wounded soldiers were sheltered within its walls after the battle.

"Cat On A Hot Tin Roof" To Run Week

Theater goes here who saw a fine actor give a brilliant performance nearly three years ago in one of the mostly widely discussed plays ever presented soon will have the opportunity to see him give the same portrayal on the motion picture screen.

"Cat On A Hot Tin Roof," starring Elizabeth Taylor, Paul Newman, Burl Ives (in his original stage role), Jack Carson and Judith Anderson, has been filmed by MGM in wide screen and Metro-Color and has been booked by the Majestic Theater here opening next Wednesday. It will run for one week.

After a record-breaking run on Broadway of almost two years (85 weeks), "Cat On A Hot Tin Roof" won not only the Pulitzer prize but the New York Drama Critics award. Those who have seen the film version are insisting that Elizabeth Taylor, Paul Newman and Burl Ives are sure bets for Oscar Award nominations for their roles in this picture.

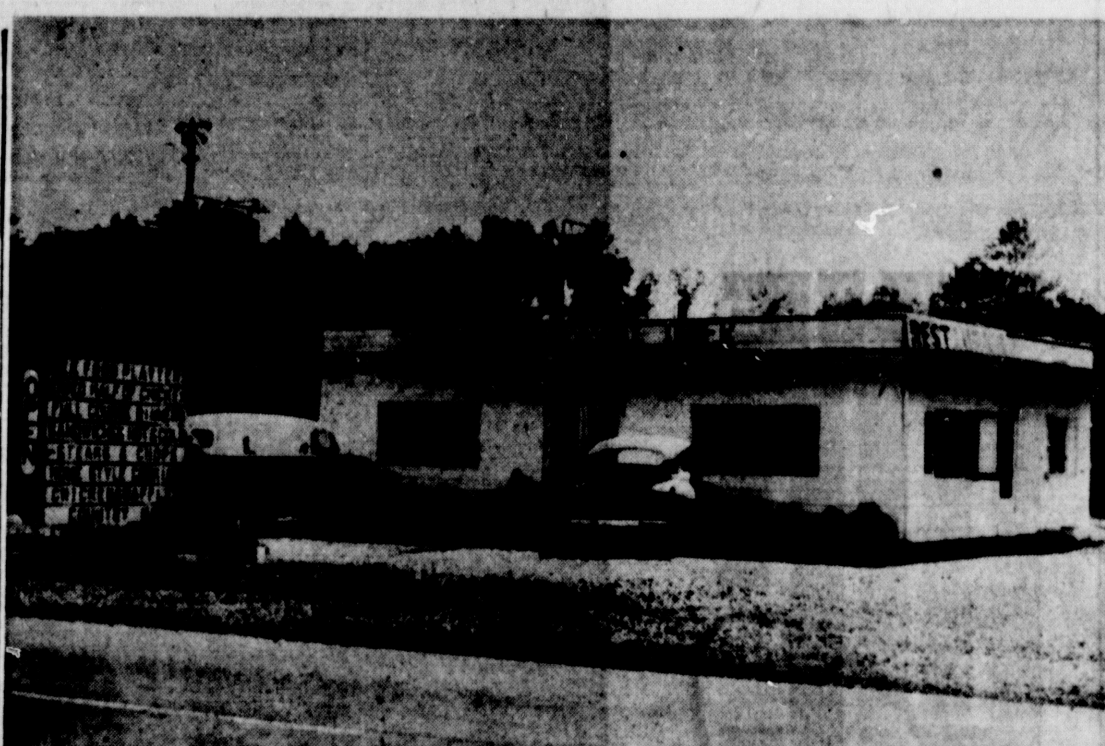

Story Of Divided Family

Elizabeth Taylor, in her first role since her Academy Award nomination for "Raintree Country," and Paul Newman, one of the screen's most popular younger stars, portray the wife and husband on the verge of a marital crack-up, with the ace also starring Burl Ives, Jack Carson and Judith Anderson, with Madeleine Sherwood.

Both Ives and Miss Sherwood recreate their original Broadway stage roles of the Williams drama—Jives as Big Daddy, the rich Delta plantation owner, Miss Sherwood as Mae, the avaricious daughter-in-law married to Carson. Judith Anderson, one of the stage and screen's outstanding actresses, plays Big Mama, whose love for the domineering patriarch of the family never wavers.

"Cat On A Hot Tin Roof" tells the story of a divided family and the conflict between its members when they are faced with the impending death of the father. The crisis brings to the surface the innate character of the two sons and their wives, revealing in one instance greed and opportunism; in the other unselfishness and devotion.

inn was Robert Hall of Buchanan Valley who leased the property for five years before the Stuckeys.

BIG UPTURN IN JOB SUPPLY LAST MONTH

WASHINGTON (AP)—Unemployment dropped by 538,000 in September, marking what the government called a significant improvement in the job situation. The joint monthly report of the Commerce and Labor Department said unemployment declined from 4,699,000 in August to 4,111,000 in September.

This was about twice the usual seasonal decline between August and September. Employment also dropped, falling from 65,367,000 to 64,629,000 or a decline of 738,000. This is usual as students go back to school at this time of year.

Million Students Quit About one million students quit summer jobs to return to classes this year.

Secretary of Commerce Weeks and Secretary of Labor Mitchell said:

"A sharp pickup among adult men in nonfarm activities was chiefly responsible for reducing the unemployed total to its lowest level for the year thus far. Hiring was especially brisk in automobile plants and steel mills, and among producers of home appliances. In addition, there was the usual expansion in school staffs."

An early autumn lull in farm activity, as well as the customary September withdrawal of students from the labor market, contributed toward the decline in employment. The seasonally adjusted rate of unemployment fell to 7.2 per cent in September from 7.6 per cent in August.

To Ask New Trial In Cinder Fraud

SMETHPORT, Pa. (AP)—Defense Atty. A. A. Rugienius says he will file a motion for a new trial for Schuykill County man convicted of forgery in a state cinder fraud.

John Harris Jr., 32, of Frackville, was convicted Thursday night by a jury of seven men and five women. The jury recommended leniency. Judge Charles G. Hubbard deferred sentencing pending the motion.

Harris, an expediter for the Prep Contracting Co. of Frackville, was accused of forging weight slips in shortweighing the State Highways Dept. of some \$2,900 worth of cinders delivered in McKean County in 1956.

Meanwhile, Dist. Atty. Glenn E. Mencer indicated that Vincent Swartz, 52, of Mahanoy City, a former Prep employee who faces similar charges, probably will be brought to trial next Wednesday.

He said the difference between the Truman administration scandals and the Sherman Adams case was that "about the only way you could get people out of government when Mr. Truman was president was to put them in jail."

"Five of the top officials of the Bureau of Internal Revenue were guilty of criminal actions," the vice president declared.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THE PROMISE FULFILLED

Luke 2:25-35
Key Verse: . . . Mine eyes have seen thy salvation which thou hast prepared in the presence of all peoples, a light for revelation to the Gentiles, and for glory to thy people Israel. Luke 2:30-32

The life of Christ which will be the basis of our lesson studies for the quarter will have Scriptural assignments from the first three Gospels — Matthew, Mark, Luke — generally called the synoptics. The word "Synoptic" is a Greek word with "syn" meaning with or together, and "optic" meaning to see. The authors did not collaborate but they saw and knew the life of our Lord in much the same manner.

We know Matthew was an eye-witness and very likely Mark was too, although quite young. Luke was not but he was extremely accurate and precise. All three may have been written before the fall of Jerusalem in A.D. 70. It was important for the early Church that these written accounts be made. The Holy Spirit undoubtedly equipped these men to record the truths as Jesus told and demonstrated them.

Foretold Of Messiah

Prophets of the Old Testament foretold of a Messiah who would be born of the house of David. This Messiah was to unite the chosen people in a kingdom where mercy and justice would prevail. And God fulfilled this promise in an unexpected way. A Child was born in the village of Bethlehem and His birth was accompanied by unusual signs — an announcement by an angel in a field of shepherds, followed by an angelic host singing and praising the new-born Child who was to be Christ, the Lord. Mary and Joseph, the parents, accepted these unusual occurrences — the adoration of the shepherds, the coming of the Magi from the East to pay homage.

When Joseph and Mary returned they presented quite naturally the Child in the Temple like any pious Jewish couple. There was no pomp, no crowd. Only Simeon the aged priest and Anna were there to receive the Holy Child. Simeon saw in this Child the "hopes and fears of all the years" and his astute, spiritual intuition assured him that this was the future Messiah for whom they had awaited.

"Devout And Aged"

Little is known of Simeon except that he was devout and aged. He was one of the few who had patiently awaited until God was ready to fulfill his promise. "The Holy Spirit was upon him. And it had been revealed to him by the Holy Spirit that he should not see death before he had seen the Lord's Christ." So when Joseph and Mary presented the Child "according to the custom of the law" they brought a pair of turtle doves as sacrifice and paid five shekels as well as having the Child circumcised. As is stated in Galatians 4:4-5, Jesus was "born under the law to redeem those who were under the law."

Simeon took the Child in his arms, blessed God and said, "Lord, now lettest thou thy servant depart in peace, according to the word: for mine eyes have seen thy salvation which thou hast prepared in the presence to the Gentiles, and for glory to thy people Israel."

This hymn of the early Church is called the Nunc Dimittis — Simeon's almost ecstatic joy in the realization that God had kept His promises. The use of the word "Gentiles" is a statement that this Messiah, Jesus Christ, will unite all peoples everywhere.

The parents marveled at what Simeon said and they recognized his absolute realism. The words he spoke to Mary were those she would ponder in her heart, for she knew this was an unusual prophecy. But quiet and unknown men were used by God in a wonderful way: the shepherds in Bethlehem's fields were the first to hear of the advent of Jesus; Simeon, whom God used so wonderfully; other nobodies who served Christ; and Simon of Cyrene who carried the cross. God's favored ones do not make the headlines.

Says Mail Service Better But Costly

MIAMI, Fla. (AP)—Americans are getting better, speedier mail service under a modern, streamlined program but it is costing the government nearly a million dollars a day, the department says. Postmaster General Arthur Summerfield told the National League of Postmasters in an address read by an assistant that the department will have "a staggering 351-million-dollar deficit this year."

He said higher postal rates added 450 million dollars to revenue but new salary increases will take 275 million and "increased mail rates to railroads and other new costs will take the remainder."

COLUMBUS DAY FINDS MEN PROBING INTO OUTER SPACE

By FRANK CAREY
WASHINGTON (AP)—Columbus Day, the 466th anniversary of the discovery of America, may find American scientists probing toward a new world in space.

Although there has been no official announcement, the Air Force reportedly is ready to make another try at hurling an unmanned space satellite to the vicinity of the moon — possibly before dawn Saturday.

Thus, if all goes well, man's first device to explore the moon area would be well on its way on Columbus Day, Sunday.

New Moon Try
This is so because a rocket flight to the moon—some 221,000 miles away at this particular time—would take a little over 2½ days.

The first moon probe attempt by the Air Force failed Aug. 17. The rocket exploded after 77 seconds of flight.

The four days starting Saturday are the best in October for trying a moon shot. During this period the moon is closest to the earth. The shot will be fired from Cape Canaveral, Fla.

There is no plan actually to strike the moon with the 85-pound lunar probe mounted in the nose of an 88-foot, three-stage rocket.

Far Cry From Santa Maria
Included in the payload are 25 pounds of instruments—notably a television-type scanning device designed to get rough pictures of the side of the moon never before seen from the earth. Other instruments are intended for counting meteorites and for determining whether the moon has a magnetic field. And the probe is equipped with radio transmitters for sending information back to earth.

Lunar probe rocketeers have cautioned that complete success would hinge on perfect functioning of some 300,000 parts of the payload and its launching rocket.

The rocket would have to reach speeds up to 24,000 miles an hour to escape the earth's gravitational pull. In this connection, the rocketeers say the venture would be considered a partial success if the rocket was able to break away from the earth's gravity.

The POWER of FAITH by Howard Brodie

HOW AMERICANS WORSHIP

The Catholics 2

The Cross, the Cup, the bended knee . . . these are but a few of the symbols and signs of an ancient faith that has endured through 20 centuries. Oldest and largest of Christian organizations, the Roman Catholic church has flourished in America, side by side with her Protestant neighbors. Of this country's 100 million and more church members, about one third are Catholics.

As a religious artist, intent on exploring every facet of my chosen subject, I have attended many a Catholic service.

Soon after I first entered one Catholic church, the magnificent ceremony of the Mass began. The eternal beauty of this ancient faith glowed in the eyes of the priest when he raised the chalice at the consecration and repeated Christ's words at the Last Supper:

"Take ye all and drink of this, for this is the chalice of My blood, and of the new and eternal covenant, the mystery of faith, which shall be shed for you and for many unto the forgiveness of sins."

Gets Unexpected Job Upon Leaving Ship

MILWAUKEE (AP) — Dick Foy, second cook on the English freighter *Manchester Vanguard*, stepped ashore here for a brief leave and found himself caught up in the swirl of commercial music.

Foy, 21, who plays the guitar and sings, stopped at a pub and soon was entertaining the customers. One of the patrons thought he had something extra and took him to booking agent Tony Murmek who agreed.

After stops at a barber and haberdasher, Dick found himself at a recording studio where he cut half a dozen records.

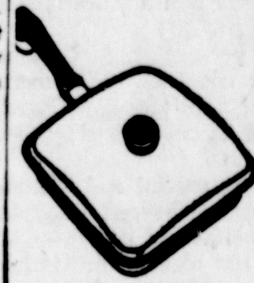

"Only in America could this happen," said the excited Foy as he returned to his ship to wait and see what will happen.

Pius XII Was Most Outspoken Of All Popes; Xmas Messages Were Aired In 26 Languages

Editor's Note: Frank Brutto, chief AP correspondent at the Vatican, first went to Rome in 1940, only a year after Pope Pius XII was enthroned. He has reported most of the highlights of the Pope's career. Now he reaches back to provide a unique insight into the life of the Pope. This is the first of three articles.

By FRANK BRUTTO
VATICAN CITY (AP)—By nature and inclination, Pope Pius XII was a scholar. A world war and an ideological fight for men's minds compelled him to be a soldier.

But, years hence, Pius XII may be known best for his saintliness. Many here believe that the frail, ascetic, yet almost incredibly hard-working man — frequently hailed by great crowds as "Papa Santo"—will one day be canonized a saint and thus receive the highest honor of the church.

Led Tremendous Struggle
The spiritual struggle he led was and is a tremendous one. In it, Pius XII, with countless written and spoken words, with prayers and directives to his hierarchy, urged believers in God to hold the ramparts of their faith against the forces of expanding materialistic and atheistic communism.

As a boy, Eugenio Pacelli was a solemn-eyed little fellow, easily identifiable amid his more robust classmates.

The young Pacelli, member of a Roman family ennobled by popes, had served for generations, garnered scholastic honors. Early in life he indicated his wish to become a priest and began the long process of prayer and study that was to continue throughout his life.

Ordained At 23
He was ordained a priest at 23 and celebrated his first Mass in the Rome basilica of St. Mary's.

PREDICTS GOP WILL PICK UP TWO DEM SEATS

By JOHN KOENIG JR.
Associated Press Special Service
WASHINGTON (AP)—Pennsylvania Republicans stand a good chance Nov. 4 of picking up two Democratic seats in the 30-member Keystone State congressional delegation, says Rep. Richard M. Simpson (R-Pa.).

"We expect to hold all of our present seats and possibly pick up a minimum of two more," Simpson, chairman of the House Republican Congressional Campaign Committee, told a newsman.

"We'll ride in to victory with McGonigle and Scott," Simpson added.

The reference was to Arthur T. McGonigle, GOP candidate for governor of Pennsylvania, and Rep. Hugh Scott, who is relinquishing his House seat to run as Republican candidate for the Senate.

Score Is 17-12
Pennsylvania's House membership at present stands as 17 Republicans and 12 Democrats, with one normally Democratic seat vacant due to the recent death of Rep. Herman P. Eberhart of Pittsburgh.

Simpson declined to name the two districts he is hopeful will turn up in the Republican fold. He said that would be pointing out to the opposition where the GOP is concentrating its efforts and campaign funds.

His prediction, he said, is based on spade work being done by Republican campaign workers in Pennsylvania.

Effort Upstate
These efforts, he indicated, are being put forth not so much in the cities—where Democrats have strong organizations—but in "upstate areas where people are not falling for Democratic claims the Eisenhower administration has been a bad one."

"The Eisenhower record in general is good and particularly when compared with the state record as made by Gov. (George M.) Leader," said Simpson.

Leader is the Democratic opponent of Scott in the Senate race. Pittsburgh's Democratic Mayor David L. Lawrence is battling McGonigle for governor.

Rhodes Target
A natural target for the Republicans is Rep. George M. Rhodes, now rounding out 10 years in the House. A victory for McGonigle in his home county of Berks could conceivably sweep out Democrat Rhodes who represents that county in Congress.

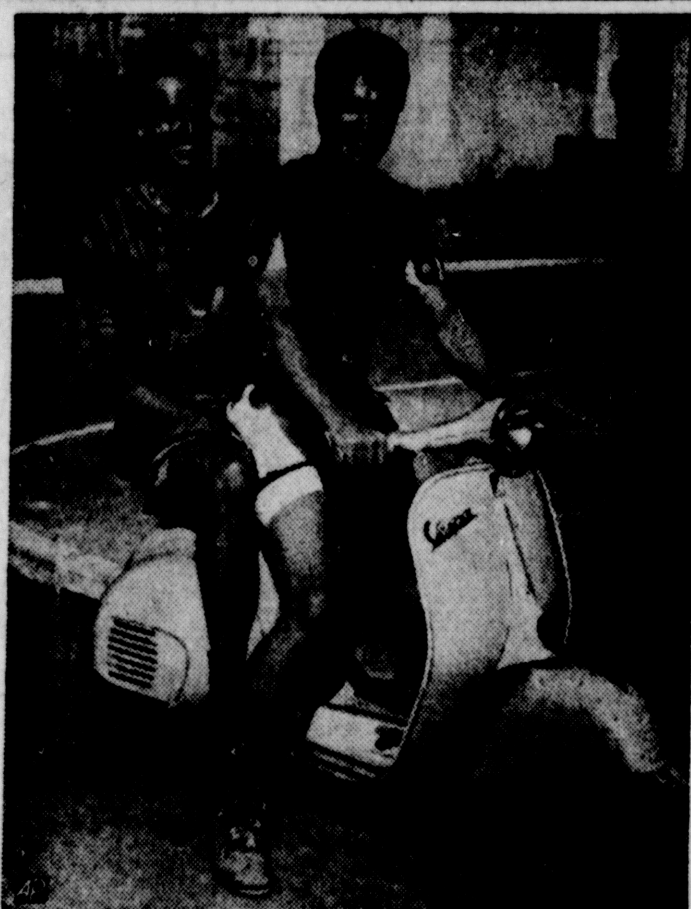

Republicans, however, are on the defense in the 6th District, where Scott is vacating. Philadelphia Democrats are confident of adding that to the other five Quaker City districts they now hold.

Quigley On March
Also on the march once again is former Rep. James M. Quigley.

Republican Stauffer has been campaigning with emphasis on chores performed for constituents in contrast to Quigley who has repeatedly assailed Stauffer's voting record as "one of the worst in the country."

Even if all incumbents were re-elected, three new congressmen would be chosen. These would be in Scott's and Eberhart's districts and in the 7th—Delaware County—where Rep. Benjamin F. James (R) is retiring.

PLAYHOUSE 90 TV PIECE IS FUN FOR YOUNG

By CHARLES MERCER
NEW YORK (AP)—For reasons best known to itself, Playhouse 90 decided to present one of William Saroyan's love affairs with the world entitled "The Time of Your Life" on CBS-TV Thursday night.

"The Time of Your Life" is a period piece of great appeal to anyone who at any period feels out of joint with the world as it is. It is so affected playgoers of 19 years ago, when the world was badly out of joint, that even the austere Pulitzer Committee awarded it a prize as the best play of the year.

It is not a play. It is a series of sentimental sketches. It was so as evidenced by Playhouse 90 with moderate faithfulness.

It was so far offbeat from the expectations of settled middle age that it probably appealed to few except members of the current beat generation.

Place Of Escape
When their elders were pretty badly beat by the prospect of an imminent war, Nick's Saloon of Saroyan's play was a pleasant place into which to escape. It still was pleasant enough on television Thursday night, if you wanted to escape from the usual definition of reality.

There was Joe, with his sentimental philosophy of life, rather dourly played by Jackie Gleason. There was Kitty Duval, played by Betsy Palmer, a normally good woman doing an adequate job of being a normally bad woman. Kit Carson never was more entertaining than he was as portrayed by James Barton.

"The Time of Your Life" was mediocre television entertainment for the middle-aged. But possibly anyone young enough to be looking for Nick's Saloon might have found it good fun.

Relax Rules On Vocational Aid
HARRISBURG (AP)—The Commonwealth has relaxed restrictions on state aid to school districts for vocational training courses.

The State Board of Vocation Education Thursday removed an old provision which restricted full state aid to courses for specific jobs. Under the old ruling the state also had required assurance that at least 60 per cent of the trainees would be placed within 15 days after completion of the courses.

The change, recommended by Gov. Leader's advisory board on problems of the older worker, was hailed by William L. Batt Jr., secretary of labor and industry, as a direct attack on the current unemployment problem.

Pope Pius XII Was Scholar By Nature But Times Asked Fight

By FRANK BRUTTO

VATICAN CITY (AP)—No pope ever before spoke out so frequently and on so many subjects as did Pius XII.

None before him had the facilities that were afforded to him by science. He frequently turned to radio and, in later years, television to reach distant countries. Some of his major speeches, for example his annual Christmas messages that emphasized the subject of peace, were broadcast in as many as 26 languages.

Some of his words on various subjects included:

COEXISTENCE—"Either it (coexistence) will raise itself to a co-existence in the fear of God, and thence to a truly peaceful living together, inspired and protected by the divine moral order, or else it will shrivel more into a frozen paralysis of international life, the grave dangers of which are even now foreseeable." (Christmas 1954).

ANTICOMMUNISM—"We again warn Christians of the industrial age . . . against being satisfied with an anticommunism founded on the slogan and the defense of a liberty which is devoid of content. Rather we urge them to build up a society in which man's security rests on the moral order." (Christmas 1954).

NUCLEAR ENERGY—"The use of this enormous energy for peaceful purposes is the object of careful and continuous investigation to which is given our blessing to

gether with the approval and the congratulations of every honorable individual and of all civilized peoples." (Easter 1956).

COMMUNISM—"We reject communism as a social system by virtue of Christ's doctrine, and we have a particular obligation to proclaim the fundamental principles of the natural law. For the same reason we also reject the opinion that the Christian ought today to see communism as a phenomenon or a stage in the passage of history, one of the necessary 'moments' as it were of its evolution, and, consequently, to accept it as if decreed by Divine Providence." (Christmas 1956).

COLONIALISM—"Let not those peoples be denied a fair and progressive political freedom and hindered in its pursuit. On the other hand, Western peoples, especially those of Europe, should not, in the face of such problems, remain passive, in futile regret over the past or in mutual recrimination over colonialism." (Christmas 1955).

LABOR UNIONS—"No true Christian can find fault if you unite in strong organizations to defend your rights—while remaining aware of your duties—and to arrive at an improvement in your conditions of life. You are acting fully in conformity with the church's social teaching when, by all means morally permissible, you vindicate your just rights." (Speech to Italian workers June 26, 1955).

NATURAL CHILDBIRTH—(So-called natural, painless childbirth in which no artificial means is

used, but the mother's natural forces are called into action): "Is this method morally irreproachable? The answer, which must take into account the object, end and motive of the method, is enunciated briefly: 'Considered in itself, it contains nothing that can be criticized from the moral point of view.'" (Address to doctors Jan. 8, 1956).

ARTIFICIAL INSEMINATION—"The Pope said the so-called 'test-tube' process must 'be rejected as immoral and absolutely illicit.'" (Address to World Congress on Fertility and Sterility, May 19, 1956).

PEACE—"Nothing is lost with peace. Everything may be with war. Let man return to understanding. Let negotiations begin." (Radio address Aug. 24, 1939 before outbreak of World War II).

CAPITAL AND LABOR—"The opinion, unhappily too widespread, that between them there is an irreducible opposition to divergent interests is erroneous and sad in its consequences." (To Italian Catholic employers, May 7, 1949).

COLOR BAR AND RACISM—"One knows too well, alas, to what excesses racial pride and racial hate can lead. The church is forever opposed with energy to (these excesses) whether they consist of attempts at genocide, or practices inspired by what is called the 'color bar.'" (Address to an International Congress on Blood Transfusion, Sept. 10, 1958).

POLITICS—"Prayer the Pope composed for Catholic parliamentarians and politicians says: 'May we never lack in loyalty to our people, faith in the principles we profess and elevation of the spirit above corruption and evil interest.'" (Prayer published Jan. 28, 1958).

DELINQUENCY IS TRACED TO NEWSTANDS

By DOROTHY ROE

Associated Press Women's Editor
Mothers who wring their hands over juvenile delinquency and wonder what the younger generation is coming to might find a clue by looking into the reading habits of their offspring, says Eugene Ackerman, a retired executive who has been studying this matter of late.

"If young people read such books as 'Tom Sawyer' and 'Huckleberry Finn,' 'Robinson Crusoe' and 'Gulliver's Travels,' instead of the mawkish filth that is poured out for them, they not only would have a healthier slant on life, but would discover the excitement of good reading," says Ackerman. He has just added to the current supply of juvenile adventure literature with his first book, "Jeb and the Bank Robbers," a tale of youthful blood and thunder in a little Indiana town of the 1890's.

Writes in Sawyer Fashion
"Please don't regard me as a canting old goat gazing with alarm. I'm pretty serious about this. When I decided to take some of the boredom out of retirement by writing a book, I began to notice the stuff that school boys and girls were reading as they sipped their cokes in the corner drug store in our little town."

"Most of the stuff was magazines of the kind especially numerous in drugstores that cater to the school trade. The art work, drawn and photographed, I found almost entirely devoted to violence and pornography at the lowest level. I was interested and appalled as I watched boys and girls from 10 years up giggle and blush as they leafed through the magazines and munched the candy bars displayed conveniently near the magazine stand."

Ackerman's new book has something of the flavor of "Tom Sawyer" and other juvenile classics. Its heroes, Jeb and Joe, are a couple of average boys who inadvertently get involved into the hunt for a notorious gang of bank robbers, have hair-raising adventures and wind up helping to solve the mystery.

ROBBINSVILLE, N.C. (AP) — Mrs. J. Z. Watkins of Charlotte, president of the North Carolina Congress of Parents and Teachers, on her way to a district PTA conference here, hurriedly grabbed her portable typewriter to write her speech here. On arrival, she found she'd brought her portable sewing machine instead.

Southerners Seek Private Funds For Private Schools

By THE ASSOCIATED PRESS

School segregation leaders, stymied by federal court orders in Virginia and Arkansas, appealed to individuals Thursday for support in operating private all-white schools.

One thing is clear: Any private school system will have to be operated without any kind of state support.

Not so clear is whether the federal government will help rebuild schools such as the bomb-ravaged high school in racially troubled Clinton, Tenn.

Virginia Plan Upset
Virginia's plan for operating private white schools with public teachers was tossed out the window Wednesday by Federal Judge John Paul in Harrisonburg. He said the practice violates the U. S.

Kissing Ban Is Upset By Coeds
MANHATTAN, Kan. (AP) — Only an epidemic or the individual involved can stop the smooches at Kansas State College thanks to a committee of Associated Women Students.

K-State's traditional practice of congratulating girls announcing engagements or pinnings with a kiss was ordered stopped this year by Margaret Lahey, dean of women. Bad health practice, she said. But the committee won a reversal of the ruling. The new policy, as set forth in the student newspaper:

"Smooches lines may occur during times of good health at the discretion of the individual present if conducted in a way to prevent the spread of infectious diseases."

MORE BAD LUCK

BRIDGETON, N.J. (AP) — Bad luck is dogging Cumberland County Freeholder Max April.

His car turned over in August, and he was thrown out, suffering serious bruises. Last month, the April Brothers orchard in Millville had a fire with damage running to \$150,000.

Thursday night, April hobbled into the Board of Freeholders' meeting on crutches. He explained he fell off a platform.

WENDELL, N.C. (AP) — Mrs. Brodley Roberts frowned when the snake fell from the chandelier at dinner time. Another one of her son's toys! Only it wasn't. Amid screams from Mrs. Roberts and her guest, son Keith safely snared the eight-inch copperhead, which apparently had chattered the chandelier as a retreat from cold weather.
